

86cm integrated rangehood in dark stainless steel with an external motor installed inside the ceiling cavity for quieter operation, baffle filter and Hob2Hood. The model consists of 2 components, a rangehood DGR9960HB and a motor DR09.

Product Details

FEATURES

Quiet Offboard Motor

Baffle filter

Hob2Hood

Hob2Hood automatically adjusts your hood settings so you can focus on creating delicious dishes.

775m3/hr extraction power

LED lighting

Dark stainless steel finish

4 fan speeds

Dishwasher-safe filters

BENEFITS

QUIETER EXTRACTION

Ensure your rangehood is whisper quiet with an external rooftop motor. Installing the motor on the roof of your home and then venting externally, provides you with a quiet and more enjoyable cooking experience, without compromising on power.

HIGH PERFORMANCE FILTER SYSTEM

The durable stainless steel baffle filter efficiently extracts vapours, absorbs odours, and filters grease to prevent build-up and optimise the airflow in your kitchen. Its easy to remove and is also dishwasher safe.

A FRESHER KITCHEN. HANDS-FREE.

The wireless Hob2Hood function automatically adjusts your hood settings based on what you are cooking, leaving your hands free to focus on the food. The hood lights will automatically illuminate when your hob turns on and the fan speed will adjust depending on how powerfully you are cooking with the hob. The hood can also be controlled manually if you would prefer.

POWERFUL EXTRACTION

Whether you are searing steaks or wilting spinach, its important to maintain clean and fresh air in your kitchen while cooking. With a 775m3/hr extraction rate, this hood quickly removes vapours so you can enjoy cooking without distraction.

PERFECTLY ILLUMINATED SURFACES

Bright LED lighting clearly illuminates your hob and is also more energy efficient and environmentally friendly than traditional halogen lighting.

SO EASY TO CLEAN

For an extractor to work efficiently the filters need to be clean and free from the cooking grease that builds up over time. All AEG filters are dishwasher-safe, making cleaning as simple as possible, whilst also being better for the environment than single use filters.

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	5
Type of Rangehood	integrated
Nominal width (cm)	90
Finish of Rangehood	Dark stainless steel

DIMENSIONS

Total product height (mm)	330
