Hob2Hood
Hob2Hood automatically adjusts your hood settings so you can focus on creating delicious dishes.

Breeze function

750m3/hr extraction

Intensive extraction setting

5 fan speeds

Electronic touch controls

Dimmed LED lighting

BENEFITS

ALL COOKING VAPOURS REMOVED IN SILENCE

With SilenceTech, AEGs innovative technology, the hood efficiently clears your kitchen of unwanted cooking vapours with a virtually silent operation, so you can cook in a pleasantly clean and quiet kitchen.

THE HANDS-FREE HOOD

The Hob2Hood function controls your cooker hoods fan and lights, automatically regulating the fan leaving your hands free and mind clear to focus on cooking. If you prefer to adjust the fan speed yourself, there are manual controls on the cooker hood too; its your choice.

THE NEED FOR SPEED

Three fan speeds, as well as two additional intensive extraction settings, clear cooking vapours quickly and efficiently, leaving the air in your kitchen fresh and clean.

A BREATH OF FRESH AIR

Activate Breeze Function after cooking for additional, effortless extraction of unpleasant odours that you'll barely hear, cleaning your kitchen air quietly. The extraction level is cut to a whisper-quiet minimum after you've finished cooking.

DIMMABLE LED FOR THE RIGHT LIGHT

Task lighting for cooking, mood lighting for dining: this hood with dimmable LED lights has kitchen ambience covered. Simply adjust the light intensity to adapt to your kitchen and leave the decision of bright lights when cooking or soft light when dining up to you.

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	5
Type of Rangehood	wall mounted canopy
Nominal width (cm)	90
