Residual heat indicator	Auto off safety	Child lock	9 power levels
Easy cleaning			

BENEFITS

Heat in an instant Powerboost gives you intense heat in an instant so you no longer have to waste time waiting for water to boil or your pan to heat up.	Upgrade to induction Upgrade to induction for a cooking experience that is faster, safer and more energy efficient.
Transition to induction? Easy. Its an easy to transition from a electric cooktop to a Chef induction. If the rated input power of your current electric cooktop is 6.5kW* or less, you can easily upgrade to our induction cooktop with minimal fuss. *We recommend contacting a licenced electrician to determine whether your home's existing electric service can support the appliance.	Auto off safety feature A safety feature which ensures that your cooktop will automatically turn off when cooking zones are unattended or a spill occurs.
Safe and sound child lock Know that your family is safe thanks to an added child lock feature that prevents them from starting the cooktop by accident.
