

UM4220-12S, UM422G-12S // 120cm // SILENT

// UM422G-12S (Black Glass, 120 cm)

// Minosa: UM4220-12S (Stainless Steel, 120 cm)

The UM422G-12S and UM4220-12S ceiling cassettes are a combination of innovative silent technology and sleek, modern kitchen styling. They are finished in stainless steel with black glass or stainless steel doors, making them both aesthetically pleasing and practical in their performance. Featuring 6 down-lights, your cooking area is completely illuminated while you cook for your guests.

One of the advantages of these ceiling cassettes is the use of Perimeter Aspiration which targets air extraction towards the perimeter of the cassette creating a smaller and more intense extraction area. Remote control easily operates the ceiling cassettes with the added benefit of a 15 minute automatic delay timer.

PRODUCT DESCRIPTION ISODRIVE® OPTIONS

- black glass or stainless steel finish
- ceiling/bulkhead cassette rangehood
