Product Details

FEATURES

High powered 14.4 MJ/h wok burner	Durable ceramic glass cooktop	Flat Trivets	Flame Failure Device
Easy under knob ignition	Easy clean ceramic surface	LP Gas Conversion kit included LP Gas Conversion kit included. Must be installed by a licenced tradesperson.	

BENEFITS

Lock in flavours with high heat The key to capturing flavours in your favourite stir fry is high heat. With a 14.4 MJ/h wok burner you are able to create dishes the whole family will love.	Cook with confidence Enjoy peace of mind with our ceramic glass gas cooktops. Ceramic glass is designed to withstand the rigors of daily cooking and deliver lasting performance, ensuring it is tough enough to handle even the busiest kitchens.
Family safety first Our cast iron trivets flat design ensure the base of your pots and pans are fully supported, allowing you to have a safer and more stable cooking environment.	Easy to Clean Spend more time cooking and less time cleaning. Our flat surface gives foods and spills nowhere to hide, making cleaning a breeze.
Flame out. Gas off. In the kitchen, it should always be safety first. If the cooktop flame unexpectedly goes out, our Flame Failure Device will automatically shut down the gas supply so you and your family can breathe easy.	

Specifications
